

Have you gained asylum? Or international protection?

This web page is for you!

The Czech Republic has an integration program which is to make your start easier. If you want. Then, you will have to cope with everything on your own. We want you to be proactive, and only then we can give high five each other to cooperate.

Housing

You can be helped to find a suitable flat, to arrange your moving, to furnish your flat.

Job

You can't get by without a job, can you? You can be helped to search for a job. We will help you to register at public employment office - ideally just once, then you will manage it by yourself. Do you need a retraining course or another education to work? You will get some.

Czech

You have to speak Czech, that's whiter than white, we guess. You will be offered the Czech language courses organized by the Ministry of Education. They are free of charge for you. You can be helped with some other specialized courses but not before you pass through the basic course. 400 lessons. Bear in mind that you will learn the most things at home, not during your lessons. It would be pity not to follow your education achieved in your country - we will help you with the recognition of your diplomas.

Children

You have to register your children to a kindergarten or a school. If you don't have something of the layette like nappies or a pram, you will be helped to get it.

Authorities and Health Care

It is not easy to start your new life and it is definitely hard to fill in postal order, forms and applications. Even the Czech find it difficult. We can help you to handle social benefit requests. According to the Law, you are insured and allowed to enjoy health care for free more or less. If you need a doctor for yourself or your children, you will be offered a helping hand. In particular, it's not easy to find specialists. If you'll find better to be helped with an interpreter in certain situations, you'll get him.

Don't forget, nonetheless, that you'll have to manage things by and by on your own. Your active participation is necessary from the very beginning. The State Integration Program is available for you for a period of 12 months. Time is short, so let's not waste it.
